To be read at the next meeting in open Chapter

To all Texas Order of the Eastern Star Members

As Chapters begin to return to a somewhat normal routine of holding meetings and even initiations please note the rule for wearing a mask has not been rescinded.

All Texas OES Chapter members , per the M. W. Grand Master, the Governor of Texas and my directives must wear a mask at all times when in a Lodge Building unless you maintain a 6 foot or greater distance from others. The exceptions are for eating, drinking and for members who reside in the same household or have traveled together. We as members are obligated to follow the rules of our national, state and local governments.

I know several members feel this is not necessary, however it is a rule which all members must comply with when attending an Eastern Star meeting, social function or study class in a Masonic Lodge. This is not an option it is a mandate. If you are uncomfortable wearing a mask you may opt to not attend a meeting or social function.

Sincerely,

Linda Rose Winn-Christenson
